

RING SIZE GUIDE

Before measuring your ring size, be sure this guide is printed in A4 size and scaled to 100%. You can check the accuracy of your print by positioning a credit card on the line below or placing the correct coin in one of the labeled ring sizes. If the card or coin lines up, you're all set.

OPTION I: MEASURE BY MATCHING YOUR RING

To find your be jolie ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the white circle—with no green space—inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger size.

BRACELET SIZE GUIDE

Measuring your wrist is the best way to determine your correct bracelet, bangle or cuff size. Before using the ruler to find your fit, make sure this guide is printed on US Letter size paper (8.5 x 11") and scaled to 100%. To check the accuracy of your printout, position a credit card under the line below. The scale is correct if the credit card and line length match.

MEASURE YOUR WRIST WITH OUR BE JOLIE RULER

- Cut out the ruler.
- Cut a horizontal line below the Be Jolie logo.
- Wrap the ruler around the circumference of your wrist with the numbered side visible.
- Slip the numbered end through the horizontal opening and pull until the ruler is flush against your skin.
- The number that lines up with the edge of the opening is your wrist size in inches.
